A BIG THANK YOU

To all our patrons whose financial support is essential to our survival and to all the people who have worked to help stage this production, both in rehearsal and on the night. Your contribution is much appreciated.

Welcome to the Weeton and Huby Players production of "My Friend Miss Flint". This is a play about a subject close to everyone's heart – tax evasion! In fact, certain members of the society were a little dubious about putting on the production. Maybe they felt it was too close to home? Seriously though, this is a cleverly written and funny play that I am sure you will all enjoy

This is the first time I have produced for the society and would like to thank everyone involved in making the show a success. The fantastic cast, backstage crew and front-of-house helpers all give their time freely and are much appreciated. Remember, we are always looking for people to take part in the shows, either as actors or helping out with set building and backstage. If you fancy joining in have a word with a member of the society and they will point you in the right direction. All ages are welcome and remember – it's not subject to Her Majesty's Inland Revenue.

Richard Naylor
Producer

As you all know, Sheila Kettlewell died suddenly in October. She has been a member of the Village Players for many years and will be sorely missed. She was always supportive and over the years joined in the productions both on stage and off. She was a most conscientious and capable treasurer and a very successful seller of tickets. We all have special memories of her, as Dandini in the days when we produced pantomimes and for my part as the housekeeper in Night Must Fall explaining with great relish that the female corpse "hadn't been interfered with". We shall all miss her very much.
